

JURY TO RESUME SESSIONS TODAY

Will Investigate Lynching of Confessed Slayer of Nida

CALL MANY WITNESSES

Sheriff James Woolley Also Under Fire for Alleged Failure of Duty

For the purpose of investigating the lynching of Tulsa, Okla., alias Roy Belton, in this city August 23, while the latter was a prisoner in the county jail awaiting hearing on the charge of murder and in addition the actions of Sheriff James Woolley in allowing the mob to take charge of Belton, the Tulsa county grand jury will convene at 9 o'clock this morning in district court No. 1, Judge Owen presiding. W. E. King, assistant state attorney general, will also be in the city to take charge of the investigation of the alleged misconduct of the sheriff in failing to properly protect his prisoner.

Belton, Marie Harmon and Raymond Sharp, arrested a few days after the fatal shooting of Homer Nida, a taxi cab driver, near Red Fork, were placed in the county jail. Nida died Thursday night and Saturday night, August 28, a mob of men, disarming Sheriff Woolley in his office, marched the officers up the stairway to the top floor of the court house, and there compelled Woolley to order Belton brought from a cell and handed over to the mob. Belton was hanged to a bill board east of Red Fork an hour later, while protesting his innocence of the crime. After the mob left the county jail with Belton, Marie Harmon and Sharp were taken to Sapulpa and placed in jail there for safe keeping.

The grand jury was called for September 13, but because of a clerical error on the part of a deputy clerk in district court, the grand jurors were brought into court on witness summons. Judge Owen held that this error invalidated the calling of the jury and in accordance with the state law another grand jury was summoned to appear in court September 23.

Outset proceedings were brought against Sheriff Woolley in the state supreme court two weeks ago, but the court denied his jurisdiction, and after declaring Woolley could receive a fair trial in Tulsa county, over the protest of Assistant Attorney General King, and the case was withdrawn by the attorney general's office and King then centered his efforts on prosecution and removal of the sheriff through the action of the Tulsa county grand jury.

MAKES TWENTY-FOUR POUND GAIN

Iowa Manufacturer Makes A Statement to the Public Regarding Tanlac.

"I have been benefited by Tanlac even beyond my belief and feel that it is time for me to talk for the benefit of others," said J. D. Wilson, secretary and general manager of the Algonia Brick & Tile Co., of Algonia, Iowa.

"For three years," continued Mr. Wilson, "I suffered from nervous indigestion and a general run down condition. My stomach was too weak to retain enough of what I ate to keep up my strength and I gradually went down hill all the time. What nourishment I took soured almost at once, and gas would press up against my heart causing palpitation, shortness of breath, and intense pain. My kidneys were in bad shape, and the small of my back hurt almost constantly. No treatment or medicine did me any good. I lost weight all the time, and was worried for fear I would never be able to get well.

"Finally a friend advised me to try Tanlac, and it has not only relieved all my troubles entirely, but I have gained twenty-four pounds in weight and feel that I have been given a new lease on life. I eat anything now. Why, yesterday I ate steak and onions for dinner, and it is nothing unusual for me to eat pork, cabbage and pastry and digest them perfectly. Tanlac has simply put me back in fine health and I am glad to tell the public what it has done for me, for many other people who suffer as I did may be relieved the same way.

Tanlac is sold in Tulsa exclusively by the Quaker and Puritan Drug companies.—Adv.

Young Chamber Plans Memorial for Sooner Victims of Big War

For the completion of arrangements for celebration of the centennial of the Sooner war, the Young Chamber of Commerce invited the Joe Cannon post of the American Legion to its meeting at 8 o'clock this evening in the municipal auditorium. As a soldier's memorial, a tree for every man in Oklahoma who lost his life in the war is to be planted along the river drive.

Now of hand breaks on Tulsa street cars is also to be brought up for discussion, owing to the fact that three accidents in one day recently were due to inadequate brakes on street cars.

ACTIVITY MARKS G. O. P. OFFICES

Local Headquarters Hum With Workers Eager to Help Cause

Republican headquarters, first floor of the Kennedy building at Fourth and Boston, is a busy place these days. Throughout the day and far into the evening it fairly hums with activity. For it is a headquarters not of a single man or organization, but headquarters for the congressional campaign committee, county campaign committee, women's committee, and personal headquarters while in the city of J. W. Harrell, candidate for the United States senate and T. A. (Hert) Chandler, candidate for congress.

Naming committees. Various committees are being appointed as rapidly as possible so the campaign may run smoothly and efficiently. E. C. Lingo, chairman of the republican county central committee, said Wednesday.

Headquarters have been fitted out completely with tables, desks, chairs, telephones and other conveniences to facilitate the activities of workers.

"It's the best and most active organization we have ever had," Lingo declared yesterday. "Every worker is keenly alert to his or her duties and is working enthusiastically. No urging is needed, for workers this year seem to be straining at the leash, so to speak, to get into the harness. With an organization such as this, a return to sane government is assured at the coming election." A list of the various committees is to be ready for publication within a few days, Lingo said.

made cakes, and candies at the lawn party will be used for this purpose by the young people. The public is invited to the fete. The new church is under construction at Cheyenne and King streets.

Employees of Central National Bank Probable Club Activities. The women of the Central National bank met Wednesday night at the Y. W. C. A. to reorganize and discuss plans for the winter activities. Miss Ruth Redwick, Miss Mary E. Clark and Mrs. G. M. Hanson gave talks.

This club, which is called the Central National Coterie, is made up of the women employees of the Central National bank. Their plans, so far, are to meet once a week, have a gymnasium class, an aesthetic dancing class and a basketball team.

Does a few hours work completely tire you out?

OF ALL THINGS which might cause you to grow tired after an hour or two of work in the forenoon, you would least suspect your mattress.

Nevertheless, if your mattress is not suited to the individual needs of your body, it will surely exert a subtle influence which will retard the tissue and cell renewing function of sleep, and deprive you of that reserve strength so indispensable to sustained effort of body and brain.

The important consideration in the selection of a mattress is to know to a certainty that it will suit your physical needs as related to the function of sleep. To thus serve the sleeper is the outstanding feature of the Sealy Sanitary Tuftless Mattress.

Relieve the Body of Tension and Pressure
At bed time, your tissues and cells are completely worn away from the previous hours of mental and physical effort. Sleep must restore these health forces.

To accomplish this your body must be free from pressure and tension during sleep.

Your mattress should "give" with such ease of resistance as to eliminate undue pressure at the hips and shoulders, where the body lies heaviest. It should also "fill in" the arches of the back, relieving the body of tension. This is precisely what the Sealy Sanitary Tuftless Mattress does.

One Giant Cotton Batt Inseparably Interwoven
The remarkable manner in which the Sanitary Tuftless Sealy retains its original undulating qualities is due to its consisting of a Single Giant Batt of Long Fibre Cotton inseparably interwoven by the Exclusive Sealy Air-Weave Process.

This batt is five feet high when completed. It is then gently pressed down, inserted into and released within the covering to the prescribed softness and generous depth of the mattress.

An occasional sunbath such as you would give any mattress permanently preserves the original softness of the Sanitary Tuftless Sealy.

Old Fashioned Quality Rigorously Maintained
The custom, inaugurated by the Sealy Mattress Company nearly a half century ago, of using only the highest grade cotton available is today rigorously maintained.

Sealy-Made Tufted Mattresses
Where a Tufted Mattress will suffice, better values than the Sealy-Made Brand listed on the right cannot be had. Like the Sealy each is made exclusively of new materials and bears a label guaranteeing the character and quality of its contents.

Maish to be Returned to Tulsa for Trial on Auto Theft Charges

Earle Maish, wanted in this county in connection with the theft of three automobiles, will be brought here September 25 from Leavenworth, Kan., at the completion of a six months term in the federal prison, after pleading guilty in the federal court in Tulsa last spring, for trial on the state charges.

Maish was sentenced to two six months terms by Judge R. L. Williams upon pleas of guilty to liquor possession. His term expiring September 25, Sheriff James Woolley will send a deputy to bring the prisoner to Tulsa county for trial on the three automobile theft charges.

KILLINGER WILL SURVIVE WOUNDS

Felonious Assault Charge to Be Placed Against Joe Berere

George Killinger, stabbed Tuesday afternoon by Joe Berere, according to statements made in the county attorney's office, is rapidly recovering from the three wounds made by the Mexican during the fight in the county jail. Berere denied attacking Killinger, held for the murder of Sherman Ward at Dawson October 19, 1915, but according to testimony of prisoners in the county jail, the Mexican is guilty of the assault.

Had First Fight. Statements made yesterday to R. E. Dunn, assistant county attorney by Harry Courtney, indicated that Killinger and Berere had some words and that the men engaged in a fist fight. Killinger threw Berere to the floor of the jail, when the latter drew a knife made from an old spoon and stabbed Killinger three times over the heart.

The victim of the stabbing was in a semi-conscious condition after the attack but later revived and is now apparently out of danger. Don Barker, another prisoner questioned by Dunn Wednesday, said that he saw Berere make the knife from the spoon two weeks ago, and identified

Pigeons Will Carry Message from Tulsa to St. Louis Mayor

Two speedy homing pigeons will leave Tulsa at 1 o'clock Saturday morning for St. Louis, the start to be made from Roy Detman's drug store, one of these pigeons will carry a message from Mayor T. D. Evans to Governor Gardner of Missouri, who is to be in St. Louis when they arrive.

The flight will cover approximately 400 miles. These pigeons have made as high as 60 miles an hour with a favorable wind. They are a part of 2,500 pigeons sent out by a national manufacturer to all of its "chain" stores within a radius of 500 miles of St. Louis to advertise the annual convention which is to be held in St. Louis.

The weapon found on the jail floor after the fight as the knife made by Berere. The latter and Barker occupy the same cell.

No charge has been filed against Berere, held in jail on a grand larceny charge, the county attorney awaiting the result of Killinger's wounds. Should the victim of the attack survive, a charge of assault with a dangerous weapon will be placed against the Mexican.

The Misses' Shop Shows a Specialized Talent for Selections in These

Fine Cloth Dresses

for Misses and Juniors

Misses and Junior misses move in an atmosphere all their own and rightfully demand that the dresses they choose shall reflect that air of individuality that is part and parcel of their wear. The styles must be neither bordering on modes for the more mature, on the one hand, or on children's styles, either. Girls from 14 to 18 are critical.

Our buyer has shown a splendid, sympathetic understanding of the desires and requirements of misses and junior misses—as exemplified in these lovely dresses of fine tricot, French serge, and, in part, twill or others combining satin with one of the foregoing wool fabrics. They are in slender, straight lines with sleeves three-quarter or full length. Some have fancy leather belts with braids and buttons for trimming; sizes 14 to 18. Selections are excellent at this time.
